

Right to Life - LIFESPAN

Life is like an arch. If you discard one segment as worthless, the span collapses — the value of all life brought low.

July 7-8: **Right to Life - LIFESPAN** A Moral Stand that Created Our Country

DID YOU KNOW? As pro-lifers, sometimes we are ill-treated by the pro-aborts, the media, the legal system, even friends/family and it hurts. We have taken a moral stand and we persevere.

This month, we celebrate our country's birth and the many opportunities it has bestowed on its citizens. What was the fate of the 56 signers of the Declaration of Independence who also took a stand and persevered? **Our country depended on their stance and perseverance.**

The 56 signers pledged their lives, their fortunes and their sacred honor. It was no idle pledge. Many hardships were faced by the signers including: injury, being jailed, loss of homes/fortunes, etc. *No signers defected*—their honor, like their nation, remained intact.

Pro-lifers have 56 great role models to follow as we take our moral stand and persevere.

July 14-15: **Right to Life - LIFESPAN** LIFE Matters and There Is Hope!

Recently, there have been reports in the media about some celebrities who have taken their own lives. These deaths are tragic and a sign of a larger cultural issue. Our culture has glorified "choice" and forgotten that **ALL LIFE matters!** The media remains silent about the elderly/sick /disabled who are told that they are worthless and that they should consider assisted suicide, or even worse, the elderly/sick/disabled whose lives are just taken through euthanasia including denying water and starvation. We must keep spreading the message that **LIFE matters and there is always hope!**

If you or someone you know is considering suicide, please get in touch and call the Lifeline. *National Suicide Prevention Lifeline 1-800-273-8255.*

If someone you know is at immediate risk of self-harm, *call 911.*

July 28-29 : *Right to Life - LIFESPAN What do Pro-Lifers Stand For?*

We are for the propositions that *human life is good*, that *life is worth living* and that *life deserves respect and protection*. We are for the proposition that every *human being* has an *equal worth and dignity*—that *every human being has a right to live*.

The worth of a human being *does not depend on* age, size, ability, dependency, state of development or the desires/decisions of others. The big are *no more valuable* than the small. The strong have *no more rights* than the weak. The independent *do not matter more than* the vulnerable and needy. **All innocent human life should be respected and protected, from conception until natural death.** *It is simple: LIFE matters!*
