May 4-5: *Right to Life - LIFESPAN* Planned Parenthood Livonia

“What she saw changed everything” The Movie “Unplanned” is awakening people’s hearts. “Unplanned” tells the story of a former Planned Parenthood Director, Abby Johnson, and how she became an advocate for the pro-life movement. Since the day she left Planned Parenthood, the Holy Spirit has moved her and blessed her with her New Ministry saving lives and helping people leave the abortion industry. Last month on Saturday, April 13th many people gathered at the Planned Parenthood facility on Farmington Rd. in Livonia. They prayed that this place will close and the people who work at this clinic would be touched by GOD to end this here and everywhere one clinic at a time. Your personal prayers and support are needed outside the facility on Tuesdays 4pm- 7pm, Thursdays 2pm- 7pm and Saturdays 10am-12pm. You can make a DIFFERENCE! Note: they don’t have a permanent certificate of occupancy from the City of Livonia yet. There is hope that we can have this facility closed in our community!

MOTHERHOOD

By Helen Steiner Rice

The dearest gifts that heaven holds,
The very finest, too,
Were made into one pattern
That was perfect, sweet, and true;
The Angels smiled, well-pleased, and said:
“Compared to all the others,
This pattern is so wonderful
Let’s use it just for Mother!”
And through the years a mother
Has been all that’s sweet and good
For there’s one bit of God and love,
In all true Motherhood

May 18-19: *Right to Life - LIFESPAN Lessons Learned*

Did you know? “**Infanticide**” is the intentional act of killing of infants before age 1. “**Neonaticide**” is the deliberate act of a parent murdering their own child during the first 24 hours after birth. Throughout history, anthropologists have found these acts were practiced by many cultures on every continent. Even now in the 21st century it is still happening. We all know this is not right. So, why are so many ignoring and turning away from the truth? History in the United States shows that three years before *Roe v. Wade*, New York legalized abortion. This opened doorways for infanticide to become a norm again. We need to STOP this child sacrifice from happening through prayer, making our voices known and letting our legislators know that this will not happen on OUR WATCH. It’s also important to recognize the battles we are winning, and that there are states taking preventative measures. The Governor of Ohio recently signed the “heartbeat bill” which makes abortion illegal as soon as a heartbeat can be detected. This is a great step forward in the fight for the pre-born. There are lessons we who are “abled” can learn only from those who are disabled. It is the wound in the oyster that produces the pearl. A “deficient” body doesn’t produce a “deficient” person. We need so much to insure their right to be born, first and foremost because they have a God-given right to life, but also because they can teach us humbling lessons. Had the exclusivity of today’s pro-abortion elitists prevailed, we would not have the blind poet Milton, the deaf composer Beethoven, the author Helen Keller and many, many more talented individuals.
