

LIFESPAN REPRESENTATIVE MEMO, JUNE, 2009

Hi Folks,

Well, we are all still here, waiting to be released from our confinement. I for one am getting very tired of all of this and would like to see it ended very soon. According to Facebook, comedian Bill Maher recently said, "You can't sanitize the universe." I must say it is one of the only times I have agreed with him.

I must ask you all to tell me if you think you will want to or be able to offer Candy Bars for Father's Day. I am sure this will depend on the way each church structures their return to open services and upon your desire to participate. I will order as many or as few boxes as is prudent, but I need to hear from you to be able to do that. You can let me know via email, oakmac@rtl-lifespan.org, or by phone 248-816-1546. If there is no one here to answer the phone, please leave a message.

Don't forget that our dinner has been moved to October 13th. Same place, same speakers just a different date.

We are moving ahead with plans for the March for Life bus trip. No one has a crystal ball to know what circumstances will be in place in January, but planning to go seems like the logical thing to do so I am attaching the latest flyer.

Wee Care is not open for baby item drop off. Karen thinks it will be July before she will be accepting items.

We see so much conflicting information from the media in recent days. We can only do our best and hope that our lives return to normal as quickly as possible

Love Life!

Diane, Lynn and Maria
