October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

VOTE NO ON PROPOSAL 3:

The unborn in Michigan are more in need of your TIME, TALENTS, and TREASURE this October than any other time in 50 years!

Details are not finalized as of now, but the LIFESPAN Main Office on the 1st floor or our Chapter Office on the 2nd floor will likely be a campaign supply center for the Coalition to Support Michigan Women and Children efforts. We will be open during extended hours and will need volunteers to staff the office and hand out campaign materials. Please call 734-422-6230 or e-mail wcdcr@rtl-lifespan.org to volunteer.

There will also likely be many other pop-up Coalition events between now and Election Day. Check your e-mail regularly for updates. If you do not have e-mail, call our office to find out if events are upcoming in your locale.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws

Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunder18.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunder18.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunder18.org>.

Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?

After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!

LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunder18.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunder18.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomensrights.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomensrights.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomensrights.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomeneandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomeneandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomeneandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunder18.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunder18.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunder18.org>.

The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!

LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomeneandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomeneandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomeneandchildren.org>.

VOTE NO ON PROPOSAL 3:

The unborn in Michigan are more in need of your TIME, TALENTS, and TREASURE this October than any other time in 50 years!

Details are not finalized as of now, but the LIFESPAN Main Office on the 1st floor or our Chapter Office on the 2nd floor will likely be a campaign supply center for the Coalition to Support Michigan Women and Children efforts. We will be open during extended hours and will need volunteers to staff the office and hand out campaign materials. Please call 734-422-6230 or e-mail wcdcr@rtl-lifespan.org to volunteer.

There will also likely be many other pop-up Coalition events between now and Election Day. Check your e-mail regularly for updates. If you do not have e-mail, call our office to find out if events are upcoming in your locale.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomensandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomensandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomensandchildren.org>.

Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?

After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!

LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

VOTE NO ON PROPOSAL 3:

The unborn in Michigan are more in need of your TIME, TALENTS, and TREASURE this October than any other time in 50 years!

Details are not finalized as of now, but the LIFESPAN Main Office on the 1st floor or our Chapter Office on the 2nd floor will likely be a campaign supply center for the Coalition to Support Michigan Women and Children efforts. We will be open during extended hours and will need volunteers to staff the office and hand out campaign materials. Please call 734-422-6230 or e-mail wcdcr@rtl-lifespan.org to volunteer.

There will also likely be many other pop-up Coalition events between now and Election Day. Check your e-mail regularly for updates. If you do not have e-mail, call our office to find out if events are upcoming in your locale.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomeneandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomeneandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomeneandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

Right to Life - LIFESPAN's Youth Outreach

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

The unborn in Michigan are more in need of your TIME, TALENTS, and TREASURE this October than any other time in 50 years!

Details are not finalized as of now, but the LIFESPAN Main Office on the 1st floor or our Chapter Office on the 2nd floor will likely be a campaign supply center for the Coalition to Support Michigan Women and Children efforts. We will be open during extended hours and will need volunteers to staff the office and hand out campaign materials. Please call 734-422-6230 or e-mail wcdcr@rtl-lifespan.org to volunteer.

There will also likely be many other pop-up Coalition events between now and Election Day. Check your e-mail regularly for updates. If you do not have e-mail, call our office to find out if events are upcoming in your locale.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!

LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

The unborn in Michigan are more in need of your TIME, TALENTS, and TREASURE this October than any other time in 50 years!

Details are not finalized as of now, but the LIFESPAN Main Office on the 1st floor or our Chapter Office on the 2nd floor will likely be a campaign supply center for the Coalition to Support Michigan Women and Children efforts. We will be open during extended hours and will need volunteers to staff the office and hand out campaign materials. Please call 734-422-6230 or e-mail wcdcr@rtl-lifespan.org to volunteer.

There will also likely be many other pop-up Coalition events between now and Election Day. Check your e-mail regularly for updates. If you do not have e-mail, call our office to find out if events are upcoming in your locale.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!

LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?

Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?

After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!

LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

Right to Life - LIFESPAN's Youth Outreach

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenunderlife.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenunderlife.org>.

Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganandchildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?

Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganandchildren.org>.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?

After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganandchildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!

LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

The unborn in Michigan are more in need of your TIME, TALENTS, and TREASURE this October than any other time in 50 years!

Details are not finalized as of now, but the LIFESPAN Main Office on the 1st floor or our Chapter Office on the 2nd floor will likely be a campaign supply center for the Coalition to Support Michigan Women and Children efforts. We will be open during extended hours and will need volunteers to staff the office and hand out campaign materials. Please call 734-422-6230 or e-mail wcdcr@rtl-lifespan.org to volunteer.

There will also likely be many other pop-up Coalition events between now and Election Day. Check your e-mail regularly for updates. If you do not have e-mail, call our office to find out if events are upcoming in your locale.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.

The unborn in Michigan are more in need of your TIME, TALENTS, and TREASURE this October than any other time in 50 years!

Details are not finalized as of now, but the LIFESPAN Main Office on the 1st floor or our Chapter Office on the 2nd floor will likely be a campaign supply center for the Coalition to Support Michigan Women and Children efforts. We will be open during extended hours and will need volunteers to staff the office and hand out campaign materials. Please call 734-422-6230 or e-mail wcdcr@rtl-lifespan.org to volunteer.

There will also likely be many other pop-up Coalition events between now and Election Day. Check your e-mail regularly for updates. If you do not have e-mail, call our office to find out if events are upcoming in your locale.

October 8-9: Right to Life – LIFESPAN Abortion by ANY "Health Care Professional"?
After a controversial Michigan Supreme Court ruling, the Reproductive Freedom for All Amendment will be on the ballot this November as Proposal 3. This is despite its wording containing 60 grammatical errors which would be permanently added to the State Constitution. Abortionists long employed propaganda against "back-alley abortions," but Proposal 3 would actively encourage abortions conducted by unqualified individuals. The language of Proposal 3 deliberately mentions "health care professional" instead of "licensed medical doctor." Under Michigan law, counselors, nurse's aides, and dentists are all classified as "health care professionals" but are certainly not qualified to perform or prescribe abortions. Proposal 3 also makes clear the State may not, "Take adverse action against someone for aiding or assisting" in an abortion, which means any unqualified "health care professional" who injures or even kills an abortion-minded woman through incompetence or negligence faces zero legal consequences. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on **Proposal 3** is the pro-life position. See full analysis and resources at <https://supportmichiganwomenschildren.org>.

October 15-16: Right to Life – LIFESPAN Join Us for CIDER Walk 2022!!!
LIFESPAN's annual CIDER Walk for Life is Saturday, October 22 from 1-3pm. CIDER stands for "Children In-utero Deserve Equal Rights". This is an all-ages event great for families! All walkers who gather pledges or donate \$20+ will receive a CIDER Walk t-shirt, apple cider, and doughnuts. CIDER Walk takes place at St. Ratka Maronite Catholic Church in Livonia with the near 5 Mile and Farmington Rd. It is a joyful way for all to give witness to the sanctity of human life and oppose Proposal 3 together as a community! Shuttle service will be provided to walkers who are only able to partially complete the walk. Call 734-422-6230 or e-mail wcdtr@rtl-lifespan.org to sign up your family or group today.

October 22-23: Right to Life – LIFESPAN Proposal 3 ends Parental Consent Laws
Proposal 3 repeatedly uses the term "individual" and never identifies this as an "adult." Thus, this amendment applies to minor children as much as to adults. Proposal 3 without a doubt invalidates Michigan's parental consent laws on abortion, meaning that abortion and sterilization would be the only two surgical procedures for minors in Michigan which do not require parental consent. Proposal 3 specifically states that no one assisting a minor with their "voluntary consent" could be held accountable for their actions. This means a school counselor, social worker, or even an adult sexual predator could help any child obtain an abortion or sterilization against the will of parents and leave the parents with no legal right to object. Remind everyone of these facts loudly and repeatedly until November 8. Voting **No** on Proposal 3 is the pro-life position. See full analysis, and resources at <https://supportmichiganwomenschildren.org>.

October 29-30: Right to Life – LIFESPAN Proposal 3: Conscience Rights & Taxpayer \$
Proposal 3 makes abortion at any stage and for any reason a fundamental right in Michigan and states that nothing may restrict the individual's "autonomous decision making." These two facts will almost certainly be interpreted by Michigan courts to end the conscience rights of nurses and doctors in Michigan to opt out of participating in abortions. Doctor and nurses will face the real choice between participating in abortions or losing their jobs. Michigan Courts will also almost certainly require the State to cover abortions under Medicaid coverage. That's right, ALL Michigan taxpayers will be forced to fund abortions and sterilizations if Proposal 3 passes. Voting **No** on Proposal 3 is the pro-life position. See the wording of the amendment, full analysis, and resources at <https://supportmichiganwomenschildren.org>.
