Why Do We Still March?

Even with the wonderful blessing of *Roe v. Wade* being overturned, which allows more freedom at the state level to enact pro-life laws, the necessary work to build a culture of life in the United States of America is not finished. Rather, it is focused differently. Our most important work is changing hearts and minds. The goal of the national March for Life is to not only change laws at the state and federal level, but to change the culture to ultimately make abortion unthinkable. We will continue to march every January at the national level until a culture of life is restored in the United States.
