Choose a location near you, drop off some new baby items and help our local moms and their babies. Sometimes, just knowing that there are resources available through local pregnancy help centers means the difference between aborting a baby and giving a baby LIFE!

Listing up to date as of 2/6/2024 v8

## WAYNE COUNTY Church Notes

March 2024

Hello Pro-life Heroes,

Thank you to those who participated in our Chapter Church Representative Meeting on February 10. It was a very fruitful discussion and there is demand for another meeting later in 2024. We will provide a full overview of the meeting findings in the April Church Notes. March’s big event is **LIFESPAN’s 35<sup>th</sup> Annual Baby Shower on Sunday, March 10**. Each church is paired up with a local pregnancy help center. Please see the flier included for more information about donating or adding your church as a sponsoring Baby Shower host.

While the **Be the Change** event on **April 12** at St. Michael Catholic School in Livonia and repeated April 13 in Auburn Hills is geared especially toward students from 7<sup>th</sup> Grade-College age, adults are certainly welcome and will find it most informative as well! This year, it is a full collaboration between **LIFESPAN** and **Protect Life Michigan**. **Joseph Tuski** from Protect Life Michigan will offer a practical workshop for promoting and defending pro-life values. Dynamic **Alison Centofante**, a national pro-life activist & mother of two pregnant with her third child, will provide the keynote after **Ryan Bomberger** was forced to cancel due to unforeseen personal circumstances.

### New Chapter Office Team

We have hired new staff to return our Wayne Chapter Office team to full strength. **Julia Ferraccio** is joining **LIFESPAN** as the new **Assistant Youth Coordinator** responsible for youth activities in the Wayne Chapter and assisting **LIFESPAN** Youth Director Lynn Gura with all Generation Truth youth events. Julia is a 2021 Wayne State graduate and should also greatly benefit **LIFESPAN’s** presence on social media. We also welcome **Rebecca Bridgnanan** as our new **Office Manager**. Rebecca worked as a paralegal after previous roles with Divine Child, Students for Life of America, and Right to Life of Michigan. **Audrey Ralko**, the Secretary of **LIFESPAN’s** Board of Directors, will also be assisting in the office one day a week. Starting the week of February 26, our new office hours will be Monday and Wednesday 9am-3pm. As of March 7, we will also add on Thursday 9am-3pm. Chapter Director Tim Pruse will continue to offer posted Saturday morning hours for at least the next couple of months.

**Save the Date: Tuesday, May 7 for LIFESPAN’s 2024 Celebration of Life Dinner/ Auction!**

**Ask pro-aborts to Describe what they Defend!**

Yours in LIFE,

Timothy Pruse

**March 2-3: Right to Life – LIFESPAN**

**Don't Fall for Deceptive Propaganda**

In the State of the Union Address on March 7, President Biden is expected to publicly honor Kate Cox. Cox sued the State of Texas for an exemption to state laws protecting the right to life of her 20-week old child due to the child's Trisomy 18 diagnosis. Texas courts held firm, but Ms. Cox tragically left Texas to end the life of her child. President Biden is expected to repeat his Press Secretary Katrine Jean-Pierre's talking point that Cox, "Was forced to go to court to seek permission...for the care she needed for a **non-viable pregnancy that threatened her life.**" It is entirely false that giving birth to a child with Trisomy 18 poses any threat to the life of the mother. Children with Trisomy 18 commonly are born and live for years so it is false to call such a child non-viable. These two falsehoods are deliberate lies intended to promote abortion throughout all nine months of pregnancy. Visit <https://milifespans.org> to learn more.

**March 9-10: Right to Life – LIFESPAN**

**Abortion Pill Reversal Saves Lives**

With increasing rates of chemical abortion with mifepristone, there is also an increase in immediate regret by women after starting the 2-pill process. **Chemical abortion with mifepristone kills a preborn child by starving the child to death.** The good news is there is a safe and effective Abortion Pill Reversal protocol. Abortion Pill Reversal can save the life of the preborn child if started within 72 hours of taking mifepristone. Abortion Pill Reversal utilizes progesterone, which is widely used in OB to maintain healthy pregnancies when women are unable to naturally produce enough progesterone on their own. The Abortion Pill Reversal Network offers free and confidential help at <https://AbortionPillReversal.com> or 877-558-0333.

**March 16-17: Right to Life – LIFESPAN**

**Students: Be The Change on April 12!**

Free registration is now open for **Be the Change**, Michigan's best pro-life youth training program offered by LIFESPAN in partnership with *Protect Life Michigan*. It is intended for students in 7<sup>th</sup> Grade and up. It takes place on the evening of **Friday, April 12** in Livonia. It is repeated April 13 in Auburn Hills. **Joseph Tuski** will offer a workshop for promoting pro-life values & the dynamic **Alison Centofante**, a national pro-life activist & mother of two pregnant with her third child, will provide the keynote. Students & adults are welcome and will be challenged, educated, and motivated! See <https://milifespans.org> or register at [ProtectLifeMI.regfox.com/bethechange](https://ProtectLifeMI.regfox.com/bethechange)

**March 23-24: Right to Life – LIFESPAN**

**Pray for Justice this Holy Week**

The U.S. Supreme Court will hear oral arguments March 26 in the *FDA v. Alliance for Hippocratic Medicine* case. The case regards the unscientific, politicized loosening of FDA regulations on the chemical abortion drug mifepristone in 2016 and again in 2021. **Chemical abortion by mifepristone kills a preborn child by starving the child to death.** In this case, the U.S. 5<sup>th</sup> Circuit Court of Appeals struck down policies allowing abortionists to issue mifepristone by mail order without a single doctor's visit and an extension of chemical abortion from 7 weeks to 10 weeks gestation. Mifepristone commonly causes side-effects such as severe bleeding and at least 4% of women to visit the ER following chemical abortions. Mifepristone taken by a woman with an undiagnosed ectopic pregnancy may be fatal. Visit <https://milifespans.org> to learn more.

**March 30-31: Right to Life – LIFESPAN**

**Life Wins in God's Time! Happy Easter!**

While our nation walks the path to Golgotha with 65 million preborn children sacrificed to abortion, the plague of human trafficking, and a renewed push for euthanasia of the elderly, through the Resurrection we know that Life always wins in God's time. Keep lovingly working and praying for life and trust in God! Call 734-422-6230 to volunteer with LIFESPAN.
