**FOR MORE INFO:**

Hello Pro-Life Heroes

If you are not currently using our pro-life Church Notes in your church bulletin or website, please consider doing so! They are ready to go directly into bulletins, announcements, or websites. Church Notes are a vital part of *LIFESPAN's* educational outreach and cover our core issues of the threats to human life from abortion, assisted suicide, and human trafficking. Some notes invite and inform about upcoming events. Church Notes do not comment on issues beyond our core mission and we are non-partisan. I personally author Church Notes based on vetted and trustworthy pro-life sources and take considerable pride in their quality. There is NO cost to receive Church Notes and you have permission to edit the notes to meet your community needs.

We are in the process of making calls to check with our Church Notes to offer an innovative idea for your church or organization to sponsor the annual *LIFESPAN* Resource Book through an ad that is a powerful pro-life testimony and one funded entirely by small donations rather than a church or organizational expense. Donations are also needed for the Celebration of Life Auction.

Do you prefer to receive Church Notes in electronic form and emailed/posted to our website <https://milifespan.org> or in printed form that is mailed to you or both?

Do you pass along *LIFESPAN* event fliers to Youth Ministers, Faith Formation, School teachers and administrators, and other organizations in your community? (Also do you inform us when the people in those leadership positions change in your community?)

Would a smaller organization within your church or community like to learn more about assisted suicide and the most effective reasons to counter the building political push for assisted suicide?

Would you or those in your community have interest in participating in a bi-monthly educational Zoom presentation/discussion on specific pro-life topics?

**Happy Easter! Help Protect Life**

As we celebrate Life's conquest over Death in the Resurrection of Jesus Christ, *LIFESPAN* participates as a member of the Michigan Coalition for Ethical Care (MAEC) to help protect citizens of Michigan, particularly the disabled, ill, and elderly, from the threat of assisted suicide. On **Monday, April 13** from 6:00-8:00 pm, MAEC presents a **Patient Safety and Assisted Suicide Town Hall** at the McGregor Memorial Conference Center at Wayne State University. The town hall features attorney and health policy advocate Lisa Gigliotti, attorney Jason Negri from the national Patients' Rights Action Fund, and hospice and palliative care physician Dr. Jeanne Lewandowski. Parking is free. Contact [miethicalcare@gmail.com](mailto:miethicalcare@gmail.com) to RSVP (optional) or for more information. You can also keep up with the threat of assisted suicide on a national level by visiting <https://patientsrightsactionfund.org>. **Have a joyous and blessed Easter!**

**April 11-12: Right to Life – LIFESPAN**

**Celebrate Life this Easter Season!**

As we continue to celebrate Life's conquest over Death in the Resurrection, let's take stock of the many ways to actively, locally promote life with *LIFESPAN*. Every March, baby showers at dozens of churches raise supplies for local Pregnancy help centers which provide for mothers and babies in material need. Throughout the year, our *Wee Care* program accepts baby donations and distributes them through Wayne County social services. Throughout the year, our church notes and newsletters educate thousands through church bulletins and websites. We annually lead more local pro-life events to educate and actively reach out to the general public than anyone else. All are welcome to participate, volunteer, or sponsor our important work for Human Life in whatever capacity best suits your current state in life. Many of you are familiar with our fundraisers such as Mother's Day flowers, Father's Day chocolates, and Christmas cards, but those simply provide the means for *LIFESPAN* to educate our community for Life! Check out <https://milifespan.org>.
