There may be other dinners in the area but THIS is the ONLY one that benefits LIFESPAN, your local prolife organization".

Good News from Capitol Hill!

By National Right to Life Committee

The U.S. House of Representatives has passed H.R. 6945, the Supporting Pregnant and Parenting Women and Families Act, with strong bipartisan support. This important legislation was introduced by Rep. Michelle Fischbach (R-MN) and reflects a growing, bipartisan commitment to ensuring that women are supported, not sidelined, during pregnancy and motherhood.

H.R. 6945 protects pregnancy resource centers by ensuring they are not unfairly denied access to federal grant funding, allowing them to continue providing vital support to women, children, and families. We are grateful to Rep. Fischbach's efforts to ensure that no woman feels pressured to choose abortion because she lacks support or assistance. The bipartisan vote in the House sends a clear message: supporting women and their children is something Americans of good will can agree on.

Now, the bill moves to the U.S. Senate. We are so grateful to those who put aside party to make sure this bill advances. Supporting pregnant and parenting women is not partisan. Today the House showed that it is a priority for all Americans. We are hopeful that senators on both sides of the aisle will follow the House's lead and pass this commonsense, compassionate legislation into law.

Thank you for your continued prayers, advocacy, and support. Together, we are making real progress toward a culture that values both mother and child.

We will keep you updated as H.R. 6945 advances in the Senate.

Help Wanted: Right to Life - LIFESPAN Wayne County Youth Director

The Wayne Chapter Youth Director leads LIFESPAN's Generation Truth youth program within the Chapter. The Youth Director reports to the Wayne Chapter Director and collaborates with the Oakland/Macomb Youth Director. It offers the opportunity to minister to young people, build relationships, and serve the pro-life cause.

Job Description:

- Continually works to increase youth involvement by contacting and forming relationships with schools, church leaders, youth directors, students, parents, and home school programs/families.
- Builds and maintains the Chapter Youth database.
- Reports at Chapter Board of Directors Meetings.
- Plans and implements programs to educate the Youth and those who work with the Youth on pro-life issues and principles through activities such as the Be the Change pro-life training event, Pro-Life Chalk Days, and Movement in Motion Bus Trip to the National March for Life in DC.

**This is a Part-Time Position averaging 10
hours/week, starting at \$15/hour**

To apply, please send your resume to: Wayne Chapter Director Tim Pruse at tpruse@milifespanspan.org or call 734-422-6230 with inquiries.

Movement in Motion 2026: Bus Trip to March for Life

Moses/Grindlay Family

This trip was truly surreal! It opened my eyes to recognize that as Catholics, we are called to stick up for our own beliefs. I saw God's love in the way everyone showed up for each other - being patient, encouraging, and open, even when things were uncomfortable or tiring. I loved it and had never experienced anything like it. I would love to come again! God is so good! Chloe

Nick & Maddie

Oh my gosh, this weekend was incredible! I loved all of it! I loved hanging out with everyone and being able to actually march in DC (instead of just watching it on tv)! It was such an amazing feeling. I felt the Holy Spirit and I will remember this trip for the rest of my life! Thank you for everything Mrs. Gura and LIFESPAN and our amazing Chaperones! Hopefully, I'll be back next year! Maddie

Visiting the Vietnam Memorial

Theme of 2026

Our family would like to thank the LIFESPAN team for offering us the opportunity to attend the DC March for Life! The placing of the wreath was a beautiful parallel reflecting on the Unknown Soldier who fought to defend the unknown baby! In Christ, the Schneider Family

Wreath Laying Ceremony - Flowers from Ava's Florist in Alexandria, VA

LIFESPAN Chapter News

Reflections on the March

While reading over the impressions that our young people shared about their trip to Washington DC for the March for Life, I saw a comment made by one of the students. This student attended the many gatherings available to the marchers and said the following. The speaker said, “If you woke up tomorrow with only what you thanked God for today, what would you have?” The planning and logistics for sending our youth to this march are beyond belief. It is time-consuming, confusing, and often frustrating but if only one of our students can come home having heard something so simple yet so profound, it is time and effort well spent. Thank you to all who helped make this possible!

March is Busy

March has a number of important events to remember. Our Volunteer Luncheon is the Saturday, March 14th. If you, or know of others, have been the backbone of our efforts, please plan to come and let us thank you. Just call the office and let us know by March 7th so can count you in!!

Is it Really the New?

If you spend any time on social media, you will know all too soon that the reporting of the truth of issues, events etc. depends largely on who is doing the reporting! To say it is difficult to decide what is or was actually happening. If you hear or read something that is questionable about abortion, euthanasia, the abortion pills, etc., PLEASE give us a call—first to let us know about it and secondly so that we can do our best to make sure correct information is presented. You never know how many people see or read an article or a post on social media, but we want to be sure that the information on our media outlets is as accurate as possible.

Oakland/Macomb Counties

The Status of Abortion in the United States

National Right to Life recently published its annual report **The Status of Abortion in the United States 2026**. There are a few key takeaways. Chemical abortions now account for greater than 63% of all abortions in the United States and most chemical abortions now occur via mail-order pills shipped into all states regardless of local legality. Out of multiple recent quality studies, the lowest percentage of women visiting the Emergency Room due to complications following chemical abortion in recent studies is 4.7%. As of January 2026, 19 states enforce protections for the preborn at or before 12 weeks gestation whereas 10 states (including Michigan) enshrine abortion in state constitutions, and 17 states support abortion regimes through legislation or state court rulings. 2026 is the 50th anniversary for the Hyde Amendment, which is renewed annually by U.S. Congress to prohibit direct Federal funding of abortion. The Hyde Amendment has saved an estimated 2.6 million lives over the past 50 years. The Mexico City Policy banning U.S. taxpayer support of abortion internationally applies to the largest amount of foreign aid dollars in history thanks to the current Administration. View the full report yourself at <https://nrlc.org>.

Do the young women in your life know that you would love and support them unconditionally to bring a child into the world whatever the circumstances of an unplanned pregnancy?

What One Person Can Do -

A person can donate diapers, purchase baby clothes (with Kohl's cash!), buy a case of baby wash, donate a basket for the auction and stop in our office weekly with a story to tell or a hug to give.

A dear friend of ours, Don Mackercher, did just that. He passed away before Christmas and will be dearly missed. Along with his sweet wife, Joan, they not only were special guardian angels to our babies—their days were filled with helping senior priests, nuns, the hungry and so many others.

We extend our sympathy to his large family who he was so proud of and to Joan, his wife, our dear friend, who he adored. We know that he will be “our babies” special angel in heaven—continuing to look out for our little ones.

We love you, Don and Joan.

WHAT ONE PERSON CAN DO....

Love, Karen

Wee Care

Dear fellow Pro-Life Advocates,

We are currently getting registrations in for our upcoming 7th annual Be the Change training event that will take place on Saturday, March 21st in two different locations at the same time. Thanks to our friends at Protect Life Michigan, we have four speakers/trainers for the event - Joseph Tuski and Florence Brighton will be at the Sterling Heights location and Haili Gusa and Dominic Hoving will be at the Livonia location. Dominic is our youngest speaker/trainer. He is a senior in high school and the president of the school pro-life club. To register go to: <https://righttolifelifespan.regfox.com/2026-be-the-change-event>

The National Pro-Life Chalk Day is March 17th. If you participate and wouldn't mind us sharing your drawings, please send to oakmac@rtl-lifespan.org and put in the subject line: Chalk Day. We can put them in the next Newsletter!

If you haven't already seen page 3, check it out. Our Movement in Motion Bus Trip to the March for Life was a success again in 2026! All those who participate in the trip always have wonderful stories and pictures to share!

Be the Change

Generation Truth Youth Report

Canada Wants to Force Catholic Hospitals to Euthanize Patients

By Wesley Smith

Freedom of religion is on the ropes in increasingly authoritarian Canada — despite a specific charter guarantee of “freedom of religion and conscience.” Indeed, an Ontario court ruled previously that doctors can be coerced under threat of professional discipline to perform lethal jabs or abortions against their religious beliefs and conscience objections. Why? The court ruled that the unenumerated right of patients to receive any legal procedure paid for by the government superseded the specific charter protection. If doctors don’t want to kill, the court also ruled, they can either provide an “effective referral” — meaning soliciting a doctor known to be willing to kill — or get out of medicine.

Now, in British Columbia, the family of a euthanized woman, who was forced to leave a Catholic hospital to be killed, is seeking to compel Catholic hospitals to permit euthanasia on their premises — despite it being utterly contrary to Catholic moral teaching in the medical context.

From the Vancouver Sun:

O’Neill, who was admitted to the hospital in the weeks before her death, was transferred to a hospice 25 minutes away and her parents and her friends’s testimony will include how they were denied the chance to be with her when she died because she had to be sedated for the trip. Their goodbyes were rushed, they said, and that O’Neill was sitting on a commode covered by a blanket during their last moments with her, according to Gage’s overview.

So the desires of the individual should overcome the religious beliefs of the institution. Forcing doctors or medical institutions to participate in the intentional taking of human life is not freedom.

More:

Her parents, Gaye and Jim O’Neill, are among the plaintiffs suing Providence, the province and Vancouver Coastal Health Authority on constitutional grounds, citing Section 7, which guarantees the life, liberty and security of person, and Section 2, which protects freedom of conscience and religion, including none. The plaintiffs argue the Catholic institution should not have the right to deny a legal procedure in a building partly funded by taxpayer dollars.

Given the current tide in Canada, I predict that the court will rule against the hospital, forcing it to violate Catholic teaching, close, or turn the facility over to the government.

Lest we become too smug, the same anti-medical conscience litigation against Catholic hospitals for refusing gender change surgeries, contraception, abortions, and the like are happening here in the U.S — perhaps most notably in the case against Dominion Health in California for refusing to remove the healthy uterus of a woman who identifies subjectively as a man. Trial is pending in San Francisco, so I expect a large damage award that could destroy Catholic health care in California, which is of course what many abortion activists, right to die activists, Democrats, and bioethicists want.

From the President

I am thinking spring. Spring arrives March 20th this year. With Spring comes the renewal of LIFE—the rains come and wash away the debris of winter and it gives life to the dormant plants, trees, and flowers. Before we know it, summer and the warm sun will penetrate the land and will nurture all plant life. It brings food and joy to those of us watching and experiencing this wonderful phenomenon God has given us every year.

There is a great deal of discussion by the environmentalists worrying and condemning actions that will destroy this complex ecosystem. I too am concerned about the environment, and we must all be responsible in our own way to protect this earth that God has given to us. Contrary to the naysayers, spring will come every year until the end of time. Have you noticed that those who spend a fortune on environmental issues never speak out on the destruction of our most valuable resource, the human person being killed in the womb? We must never confuse who is most important to the overall picture and the purpose of LIFE. The Human person vs the earth: it is not a competition. But if one had to choose, then the human person must prevail.

Man is not the enemy of the earth, but man is oftentimes the enemy of each other. It depends on your spiritual beliefs. For me, man has a higher calling, yet for others, the purpose of LIFE is beyond comprehension, especially if you are an unbeliever. Killing humans in the womb or at the end of life, when productivity is low, should never be done to save the environment. Humans, no matter how small or how old, make this world stronger, healthier place, and give the earth a purpose to exist. So, when you hear an argument that man is destroying the earth, think about what the earth would be like without man. What purpose would it serve to save the earth without man?

Be aware of those that want to determine, through a litmus test, who should live and who should die. Call them on their arguments. If you do not, who will?

All Human Life matters! Without Human Life nothing else is important!

Diane

P.S.

I call your attention to this year’s Speaker at our “Celebration of Life” Dinner. Emily Compagno is a dynamic speaker who loves life to the fullest. Please check out the flyer in our Newsletter and consider getting a table, invite new people who may not know LIFESPAN and our work to attend. Seats will go fast for this event, so please sign up early.

And as always, thank you for your support.
