Hello Pro-Life Heroes

We did not hear back from anyone in May (admittedly an extremely busy month for many of us), so we will repeat these important questions in June: Are you using *LIFESPAN* Church Notes in your church bulletin or organization newsletter? Would your community or organization benefit from a presentation on the looming threat of assisted suicide? Do you have a church festival this summer or fall for us to assist with a pro-life booth or materials? Do you have a new pastor, principal, youth minister, Christian Service coordinator, church secretary, or bulletin editor to inform us about? Please call or email Tim or Andy and let us know at (734) 422-6230, wcdcr@rtl-lifespan.org, or tpruse@milifespan.org.

6th Annual Links for Life Golf Outing

The newest flier with an updated QR code is in these notes. This updated QR code allows anyone to register and pay via credit card from any connected device. We have 44 golfers and 4 sponsors already registered as of May 14. July 31 is sure to see our biggest, best charity outing yet, so don't miss out as a golfer, dinner guest, sponsor, gift basket donor, or volunteer!

Father's Day Chocolates

Father's Day is Sunday, June 21. The Father's Day chocolate bar and pen order form is in these notes as well. We have brand new pens this year (see image on order form) and this year's selection of chocolate bars includes a variety of Snickers, Twix, Milky Way, M&Ms, and Peanut M&Ms. The order form is due Wednesday, June 3 and Father's Day chocolate bars will be available for pick-up in the office between June 3 and Thursday, June 18.

The Status of Mail Order Abortions

The US 5th Circuit Court of Appeals in Louisiana briefly ruled in favor of a national block on mail-order abortions on May 1. The 5th Circuit Court reinstated the prior requirement for the abortion drug mifepristone to only be dispensed in person, rather than Biden policies that allowed for mifepristone to be prescribed via telehealth and mailed (and even mailed illegally across state lines into states which choose to protect life in the womb). Mifepristone starves preborn children to death in utero either way, but when prescribed without an in-person examination and without oversight, it sends >5% of women who use this method to the ER. The US Supreme Court overruled the Court of Appeals with a temporary stay on May 8 and on May 14 extended this stay until a final ruling is made on the merits of the case. This stay will allow mail-order mifepristone distribution to continue. Justice Samuel Alito dissented, noting that mifepristone via mail order is a "scheme to undermine" the *Dobbs* decision allowing states to protect the preborn from abortion. Visit <https://milifespan.org> and help to protect life.

Thank You for Life Dad!

Happy Father's Day! At participating churches, *LIFESPAN* invites you to make a small donation to gift all the fathers, grandfathers, great-grandfathers, and spiritual fathers in your life a chocolate bar or shiny new pen to support our mission to protect all human life from conception until natural death. Give thanks for all the men out there who have or will serve, protect, and provide for their families every single day. Despite their human imperfections and flaws, these great Dads imitate God the Father's unconditional love for every single one of us through their loving sacrifices for their children. As George Strait sang in *A Father's Love*, "Daddies don't just love their children every now and then, it's a love without end, amen."

Ask Pro-Aborts to Describe What They Support

Back in 2023-24 pro-life advocate Rev. Frank Pavone spoke at two *LIFESPAN* events. His top advice to pro-lifers was to **ask abortion supporters to describe what they support**. On April 28, US Representative Brandon Gill from North Texas gave a master class in this strategy during a committee hearing on the use of the FACE Act to target pro-life activists by Federal agencies. Congressman Gill questioned the pro-abortion witness testifying, "What's your favorite type of abortion?" He then summarized 3 common abortion methods and asked for her opinion. When the witness repeatedly dodged, Rep. Gill concluded, "I wouldn't want to talk about this either, if I were you, because it is barbaric and evil." For a very worthwhile brief watch, search "Brandon Gill abortion" to see a video of the exchange yourself. Let us follow Rep. Gill's example and not allow the abortion lobby to hide behind tame euphemisms such as "reproductive health" when what they actually mean is the grisly killing of preborn children. Contact *LIFESPAN* Wayne Chapter at (734) 422-6230 or wcdcr@rtl-lifespan.org to become a supporter or volunteer.
